But wait…

There's More!

1. Java SE - Is what you expected?
2. How many hours per week are you going to invest in order to achieve Java SE goals?
3. How many of you are working in IT field – SW Dev., Admin., Designers?
4. How many students get the payment scholarship from the companies vs. how many are/aren't paying the studies?
5. In what disciplines did we collaborate together?

Thanks!
